

Old Rule

Rule 1.7 Reciprocity

The Mississippi State Board of Optometry will consider any licensed optometrist applying for licensure by reciprocity on a case-by-case basis as provided for in Section 73-19-25, Miss. Code Ann. (1972) as amended. The criteria for a license under this provision will include a determination of the following factors:

- (a) Whether or not the person has passed or failed a written examination in another state;
- (b) Whether the other state board similarly accredits the holder of a license issued by the Mississippi State Board;
- (c) Whether the applicant pays a \$50.00 fee;
- (d) Whether the applicant causes the other state board to file a true and attested copy of the other state license (certified by the president or secretary of that State Board issuing the license); the license must be mailed directly from the other state licensing board;
- (e) Whether the applicant establishes that the standard requirements adopted and enforced by the other state are equal to that provided by this state;
- (f) Whether or not the applicant has previously failed an examination administered by the Mississippi State Board.
- (g) Whether or not the applicant has taken and passed the examination on Mississippi Law and Rules and Regulations.
